RANEY FAMILY ENDANGERED BY POISON.

Mother and Four Little Ones Stricken by Ptomaine in Ham But are Saved.

Ptomaine poisoning came near causing a wholesale tragedy in a popular family here last week when Mrs. T. D. Raney and her four daughters were taken seriously ill after eating some ham, which is believed to have been infected. The ham was eaten for breakfast and some of it was wrapped in the lunch which three of the children, Kate Davies, Mary Moore and Martha Severance, took with them to school. Mr. Raney was away from home, in Lexington, on business at the time.

The children who ate the ham at school became so ill that they were taken home, where Mrs. Raney and her other child, Lena Cook, were also found in the throes of agony from poisoning. Dr. J. F. Peyton and other physicians were hurriedly summoned, and every thing known to medical science was resorted to to save them. Several of the family were severely affected and for a while their lives were despaired of but finally the efforts of the medical men succeeded, and all were gotten out of danger.

Getting Too Familiar.

Lightning Strikes Near Hubble Second Time In Few Weeks.

Lightning struck in the Hubble section the second time in a few weeks, one day last week, when the end of the school-house there was badly torn by a fiery bolt. Luckily, however, the building did not take fire, and the damage did not amount to much. One end of the house was badly damaged, but that was about all.

A few weeks ago the church in that good section of the county was struck by lightning, but not badly damaged. Some think that there is a heavily magnetized loadstone, or metallic attraction of some sort in the hills nearby, which thus draws the heavenly fire. Squire McKechnie expresses the belief that the bolts are really aimed at Stanford, but are deflected toward Hubble by inability to affect the hardened sinners of this city.

Mad Dog Scare

Causes Excitement In Little City Of Ottenheim—Other Newsy Notes.

OTTENHEIM, May 16. Mad dogs have caused a great deal of excitement around about this place lately, several rabid canines having been killed.

Eliza Manuel and family, of Blue Hill, are visiting his father, Thos. Manuel. Joe Coleman, of Cincinnati, spent Sunday with his aged mother, Mrs. Skelton Coleman.

Richard Chandler has given his tobacco setter a trial, with good satisfaction and he says it saves the back.

Some of the people of this section are taking advantage of the recent rains and have begun setting out tobacco plants.

A. C. Sido has been here in the interest of the Maccabees, seeking to establish a tent at this place, with encouraging prospects.

Andy Adams sold a good work horse to Chas. Kidd for \$100 and bought a yoke of oxen from him for \$130.

It seems now that a few strawberries and a few scattering bunches of grapes will be the sum total of fruit that we are likely to have.

Andy McKinney, of Garrard, visited relatives in this section last week.

A "Funny" Experience.

The Casey County News publishes this:

"F. S. Grooms and Hawker Brown, of Dove, left a peculiar looking egg at this office Monday. It has the appearance of being enclosed in a stone shell and rude letters are on the shell. Mr. Grooms believes this curiosity portends some great calamity that is coming in the near future. Mr. Grooms tells a funny incident that happened to Mr. Brown recently, while playing with a pet cow. He accidentally got his arm hung between the cow's horns when it became frightened and drug Brown over a 10 acre field, tearing down fencing, rending his clothes and inflicting many ugly scratches and bruises."

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application cures.

Shooting Over Crap Game.

Bill Curtis, known as "Tige," shot Jin Lee in a crap game at Crab Orchard Sunday and was brought to jail here by Marshal James T. Jones. Lee caught three bullets, but it is not known yet how badly he is injured. Both are colored.

COUNCIL VOTES TO PUT 'PHONES OUT.

Mayor Breaks Tie In Council And Pretty Fight In Courts May Be The Outcome.

The telephone situation came to a head at a meeting of the Stanford city council last week, when the council by a tie vote which Mayor A. B. Florence broke, passed an ordinance imposing a penalty of \$100 a day upon all corporations which conduct business in the city without a franchise. The majority of the council contend that the East Tennessee Telephone Co. has no franchise to do business in Stanford. It is understood that the telephone company contends it has. The courts will undoubtedly be called upon to settle the question, so some lengthy litigation between the city and telephone company may now be expected.

The telephone company refused to accede to the council's demand that telephone rates in the city be placed upon the uniform basis of \$2 and \$1, in lieu of all old subscribers receiving this rate whereas new subscribers are charged \$2.75 and \$1.65 for business and residence 'phones respectively. Upon receipt of information of the company's decision, the council took the action above stated. Councilmen Shugars, Pence and Allen voted against the ordinance designed to drive the company out of town, while Councilmen Anderson, Elmore and Powell voted for it, and Mayor Florence broke the tie by voting for it.

The council voted to have a granitoid sidewalk put down in front of the residence of Mrs. Goodknight and ordered a pavement put down on the side of the Christian church property.

McCreary to Speak

At Dedication of Confederate Monument In Danville.

Invitations reading as follows have been received here:

"The Kate Morrison Breckinridge Chapter, U. D. C., invite you to be present at the unveiling of the monument in memory of the Confederate dead, on May 20th, 1910, at 1 p. m."

The speakers will be:

Senator James B. McCreary—"This Historic Spot."

General Basil W. Duke—"Morgan's Mer."

Capt. John H. Leathers—"Jackson's Men."

Jol. Bennett H. Young—"The Ideal Confederate Soldier."

Eczema--A Germ Disease, Can Now Be Cured.

The medical profession is all agreed that Eczema is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo, the clean, external treatment, has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the disease. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject issued by the makers of Zemo. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff and all diseases of the skin and scalp. Call at Penny's Drug Store for the booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.

Heney-Gaddis.

Hubert Gaddis and Miss Frances Heney, a popular young couple from the Milledgeville section, secured marriage license from County Clerk Geo. B. Cooper last week and were made one at the home of Rev. Burke. Both have a great many friends in their community who will wish them much happiness. The groom is only 21 years of age and his bride but 16, so that her father's written consent was required before issue of license.

Every family and especially those who reside in the country, should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, neuralgia, etc.

MAKING SPLENDID RECORD IN NORTHWEST

Charles Lutes Makes Big Profit On Farm And Gets Fat Job With Big Firm.

News has been received by friends here that Charles Lutes, formerly of Hustonville, now living in Calgary, Alberta, Canada, sold a farm a few days ago for \$20,000, which he only paid \$6,000 for about a year ago. This was a dissolution sale, the firm of Lutes & Weil dissolving partnership, due to the failing health of the latter. Mr. Lutes says he will re-invest in Canadian soil and continue to make his home there. He thinks it a great country for money making and a fine climate to live in.

After closing out the Lutes & Weil business, Mr. Lutes accepted a position with Morris & Co., of Chicago, the large meat packers, as head buyer for their big plant in Calgary at a snug salary of \$5,000 a year and expenses.

Mr. Lutes is well known here, having bought much stock in this county in past years. He is believed to be one of the youngest live stock dealers in the country. Morris & Co. are to be congratulated on securing so valuable a man.

Mr. Lutes extends a cordial invitation to his Lincoln county friends to visit him in Calgary, where he will show them that he has not forgotten how to spread on real old Kentucky hospitality.

Miss Alcorn Honored.

Placed in Charge of New Department at School For Deaf.

At the meeting of the trustees of the School for the Deaf, at Danville, Miss Sophia Alcorn, of this city, who is a member of the regular faculty, was elected to take charge of the deaf-blind department of the school. This is a new department of the school and was made possible by the appropriation of the last Legislature. Miss Alcorn will make extra preparation for this work this summer by studying at Fairbault, Minn., and Delavan, Wis. She has distinguished herself by eminent success in her chosen profession and her selection to head this department is a just recognition of her exalted ability. The board authorized the erection of an annex to the trade department. The building is to cost \$5,000.

Chivalry Costly.

Women Drown When Mississippi River Steamer Sinks.

Twelve lives were lost when the steamer Saltito sank in the Mississippi river below St. Louis last week. Seven passengers and five of the crew were drowned by the tilting of the gang plank when it hit a tree. That the loss of life was due to the mistake of ordering the passengers to hurry from the sinking boat when she was near the shore was the assertion of Capt. Crane.

"It was a bad mistake," he said. "Had we caused the passengers to wait a minute before trying to cross the gang plank, none would have been lost. At the time the order was given, however, no human power could tell that the boat was not going to roll over into the river and drown every soul on board. It is easy to look back and see what we might have done."

Testimony at the inquest showed that the chivalry of the men, who permitted the female passengers to start across the gang plank first cost the lives of five women and a baby. Capt. Harry N. Crane ordered the men to stand aside until the women left the boat. They did so, and the gang plank was filled with women when it was tilted and they slid off into the muddy water.

Gone Fishin'.

W. S. Fish and W. P. Kincaid, of this city, and R. N. Beazley and J. S. Campbell, of Paint Lick, went down into Casey for a several days' fishing trip. They drove through in Mr. Beazley's new Elmore motor car.

Fred Bowling, son of J. D. Bowling, of Crawford, Laurel county, was found by the railroad track near East Bernstrdt. His skull was fractured and one arm was cut off near the shoulder. He had been struck by a train. He is at Pennington Infirmary, London, and is in a precarious condition.

Never hesitate about giving Chamberlain's Cough Remedy to children. It contains no opium or other narcotics and can be given with implicit confidence. As a quick cure for coughs and colds to which children are susceptible, it is unsurpassed. Sold by G. L. Pennington.

GRAPHIC STORY OF BELL'S DEATH.

Former Harrodsburg Man Writes of the Street Car Accident at Seattle.

The Harrodsburg Herald prints a letter from Ralph Goddard, a former Harrodsburg citizen, who was with Judge Bell when the latter was killed in the street car wreck at Seattle. Mr. Goddard graphically describes the fearful accident. Part of his letter says that their party, with Judge and Mrs. Bell, were entertained at dinner by Judge Saulsberry, a former Kentuckian. He then says: "The judge's new country home is situated at Brynmawr, a town founded on the beautiful shore of Lake Washington, about 12 miles south of the city. In true Kentucky spirit, Judge Saulsberry arranged for us all to go out together in the middle of the afternoon, Mrs. Goddard and I taking along our two year-old boy and 11-year-old Julia Lee Rochester, whose father is also a Kentuckian, having been born and reared at Melrose, the Granville Cecil home near Danville. The trip out was thoroughly enjoyed by all, and after a most delightful repast, the evening spent was an ideal one, indulging ourselves to the fullest in Kentucky reminiscences. At 10 o'clock we took the car for home."

On account of the chill of the evening and from the fact that our baby was asleep in Mrs. Goddard's arms, we all settled ourselves on the very foremost seat of the car that we might avoid the draft which would naturally strike us in the middle or rear where windows and doors were being opened. My recollection is that we had traveled probably 10 or 15 minutes and had come to a stop at Orchard Beach, the first station beyond, where they were unloading passengers. I can just remember hearing a noise in front that seemed to chill the very marrow in my backbone, and then I raised my eyes and saw that another train was crowding in upon us. Of course we were dazed, and if a word was said I have no recollection of it. Con and I were sitting with our faces practically against the front glass; Mrs. Goddard, the little Rochester girl and our baby on the front seat across the aisle, with Mrs. Bell immediately behind Mrs. Goddard. We must have attempted to arise in our seats when the crash came, after which I knew nothing whatever until we were about to be unloaded at the Emergency Hospital in Seattle two hours later. My first recollection of anything pertaining to the event is that of our precious boy hanging to my neck, begging and almost convulsive, and seeing Mrs. Goddard, Mrs. Bell and others stretched about the floor around me; also a quiet little form on a bench across the aisle, which someone told me was our little guest of the evening. I was dazed, having been knocked unconscious from the fall which I received at the beginning. I must have lapsed into insensibility again and knew nothing further until I awakened on a cot in the hospital and had presence of mind sufficient to inquire for Con. They told me that he was on the cot beside me, and his piteous moans and wails could be heard over the entire building. Just about that time the cot was wheeled away from me and I again lost consciousness. Upon my next query they simply told me that death had come on the operating table. About an hour after this, which was probably 3 o'clock in the morning, the little girl breathed her last. One particularly queer feature, I am informed, is that Con had no mark of mutilation upon him save the fracture at the base of the brain. This proves to my mind that both he and I must have half risen in our seats and by force of the impact, were thrown entirely beyond reach of the oncoming train. When I tell you that the train which ran us down was a run-away freight with probably several hundred tons of coal, making speed anywhere from 50 to 75 miles an hour down grade, you can readily imagine the result to those seated in the front end of the car being struck. The little Rochester girl, seated with Mrs. Goddard, had both legs broken and was simply a mangled bit of human flesh and bones.

Mrs. Bell is doing as well as could be expected. She, like me, received no broken bones, but was simply bruised over the entire body. Our little boy sustained only a sprained ankle.

Helm's Good Work.

A dispatch from Washington says that the public buildings bill will contain appropriations for government buildings in the Eighth district as follows: Lawrenceburg \$60,000 and Shelbyville \$10,000.

WILL KEEP LINCOLN IN FRONT RANK.

Fiscal Court Has Now Let Contracts For Reconstruction Of Pikes In County.

No action was taken by the fiscal court at its meeting last week in regard to the petition of citizens in the northwestern end of the county who want a bridge over the Hanging Fork. By a tie vote the court decided not to take action at this time, Judge Bailey voting with those who did not want the bridge built now, and breaking the tie. The matter may come up before the next session of the court, however.

The court voted to allow Krueger & Co. \$3,000 of the amount still due them for building of the court-house, after a committee had examined the report of Architect Milburn, which suggests a few minor changes that will be carried out by the contractors.

Contracts were let for the reconstruction of the remaining pikes to be improved in the county. E. T. Beazley secured most of the contracts on his bid of \$10.90 a rod for Lincoln county metal. Several short contracts were let to W. T. McGirr, Z. F. Smith, Jas. Rambo and W. C. Montgomery. The court intends to put the pikes out of the county in the very best shape possible, and believes that it has taken steps which will insure this. The energy of the fiscal court in this direction will be much appreciated by the traveling public and people of the county generally.

Nothing gives a county a better name and reputation than good roads, and the members of the fiscal court have taken the right step toward upholding the already good name of Lincoln county.

Delegates Elected

To Big Convention at Frankfort By Local Women's Club.

The Women's Improvement Club of Stanford at its regular meeting last week elected a delegate to the convention of the State Federation of Women's Clubs at Frankfort, to be held this week, and took active steps for further work toward the beautification and improvement of the city. Mrs. Shelton M. Sauley was elected delegate to the Frankfort convention, with Mrs. W. A. Tribble as alternate. Mrs. J. J. Dickey, president of the club, will also attend the federation meeting.

The local club is planning adornment of the hillside back of St. Asaph's creek by planting of morning glories and other prolific flowers along its banks. A rest room with library and other comforts is also under consideration for the city. The membership of the local women's organization is rapidly increasing and much good work for the betterment of conditions in the city are planned. The cleaning up of Stanford inaugurated by these women was a splendid success and encouraged them very much in their efforts to make a better city.

Splendid Work

Of Miss Ila Holdam Receives Due Recognition In Chicago.

Friends and relatives have received news of the promotion of Miss Ila Holdam, of Crab Orchard, to the position of second matron in the Michael Rees Hospital, in Chicago, where she has done such efficient service as a trained nurse for some time. Miss Holdam made the unusual record of serving for five consecutive months in the surgical ward, when all previous nurses had been compelled to give it up after about a month's service, their nerves failing them after the strenuous work required in this ward.

Not only did Miss Holdam break all records in this respect, but she also attended upon an average of about ten operations per day and the physicians regarded her as one of the most competent assistants in delicate cases in the city of Chicago. Her many friends and loved ones in Lincoln will be exceedingly glad to learn that she has done so well in her chosen profession.

Squire James J. Price, a veteran of the Mexican war, and one of the oldest citizens of Clay county, dropped dead in the court-house yard at Manchester. He had given his testimony in a murder case.

EMBRY PITCHES AN ALMOST PERFECT GAME.

Stanford Defeats Harrodsburg Saturday And Wins Its 18th Straight Victory.

Eighteen straight victories in a row is going some for any ball team, but that is just what the Stanford High School team has done. The victory at Hustonville Thursday made the 17th and then Harrodsburg came along Saturday and made the 18th victim. The sporting editor of the I. J. was unable to go to Hustonville for the game, as it was press day and on that day he dutifully takes his turn as "devil." The score was 13 to 11 in favor of Stanford, after a hard fight. The West End lads jumped into the lead right at the start and looked like they were going to make a runaway race of it. Wallace Singleton was doing the twirling at the start for Stanford, but this was his first appearance this year, and he was not in form for box work as he has been playing at short in previous games. After the home team had piled up what seemed enough to win, Singleton was withdrawn and Wesley Embury sent in and they got to Yowell and Swope, pitching for Hustonville, so strong that they came on ahead and won.

Hustonville's line-up in this game was as follows: G. Dunn, 2b; Bishop, c; Swope, 1b and p; C. Dunn, ss; Hicks 3b; Neal, cf; Hall, lf; Stagg, rf and 1b; Yowell, p and rf; Murphy, lf. Yowell, Stagg, G. Dunn and Bishop got two batters, but the game was replete with errors on account of rough grounds. Hustonville will come here for a return game to-morrow, Wednesday afternoon.

Outside of the first inning, the game against Harrodsburg Saturday was one of the very best of the season. In the first round Stanford played rings around the visitors, running in a total of five scores. Hulet hit two men, walked Penny and then the hit and run play did the rest in bringing in the score. After that he settled down and threw out the whole game only allowed the local sluggers only four hits. He was given unusually good support, Hunter Coleman playing a very classy game at second, especially.

Although they failed to bat very strongly themselves, the Stanford lads were never in danger. Wesley Embury was never in better form. For eight and three-quarter innings he held the visiting batsmen without the slightest semblance of a hit or a run. It looked like a no hit and shut out game sure. Then in the ninth inning with two men out and two strikes on him, Nelson put a Texas Leaguer over second which Joe Hill could not reach. This broke the spell and Embury eased down, Davenport following with a two-bagger along the left field foul line and scoring Nelson. Penny threw low to third to catch the runner and Coleman let it get by, Davenport going home. This was all they could do, however, and but for this wobble at the very wind-up, it would have been a perfect pitching record. At that Embury deserves great credit for his fine work.

After tallying five scores in the first, the local lads did not get around again until the fourth, when Hill got a pass, followed by one to Waters' ribs and McCarty's hit, which put Hill in. In the seventh inning as pretty a squeeze play as was ever pulled off in big leagues was worked by Waters and Penny. The little fellow led off and was safe when Rue dropped the throw. McCarty's single sent him to third. Waters got off with Hulet's arm like a flash and Penny laid down a beauty along the third base line. Waters scoring easily, and Hulet just did nip Penny at first.

THE INTERIOR JOURNAL.

Established 1872.

EVERY TUESDAY AND FRIDAY
At \$1 Per Year in Advance.

SHELTON SAUFLEY.....Publisher

Entered at the Post Office at Stan-
ford, Ky., as Second Class mail.

THE new editor of the Harrodsburg Republican, our old Frankfort friend, T. Sanders Orr, talks about Stanford as a "little one horse town" in noticing that the INTERIOR JOURNAL is about to install a linotype. Now isn't that the limit? Mercer county people bring their cattle and horses here to market; we recently told how several t-o-horse wagons from Mercer brought hemp to our warehouse here to sell; it's only been a few weeks since Harrodsburg tried, but failed to secure for her school the man who has been at the head of the Stanford public schools for several years; we would suggest that a glance over the score of the ball game played between Stanford and Harrodsburg last Saturday conclusively settles all remaining questions as to superiority between the two cities, but in final determination of lingering doubts, we'll wager a new summer's bonnet that more Stanford people read the SEMI-WEEKLY INTERIOR JOURNAL than Lincoln county people take the hebdomadal sheet of our facetious friend. Put up or shut up.

THE republicans took away another of the few remaining offices held by democrats at Frankfort when George A. Lewis was elected superintendent of Public Printing to succeed J. W. Hedden last week. The latter has made a good official and so will Mr. Lewis. He has had years of experience at the business and no more generally satisfactory appointment could have been made by the printing commission. Frank Kavanaugh, State Librarian, is beginning to get lonesome for democratic company in the new State capital, no doubt. Like Tennyson's brook, he will go on forever if the forthcoming legislatures appreciate, as they should, the most faithful and efficient of service to the people.

About Bolting In Politics.

(Lexington Herald.)

The Frankfort News is a quitter. It accused the Stanford INTERIOR JOURNAL of paving the way to bolt Johnson for governor, but when the latter comes back with a broadside over the numerous bolts of the News, the editor is as calm as an oyster. There are times, however, when silence is better than spoken words. Tom Reed once said to Joe Manley: "God Almighty hates a quitter."

Money For Teachers.

State Treasurer Farley has announced that he would have on hand by the first week in June enough money to pay the school teachers of the State. It was thought some weeks ago that the teachers would not be able to get their salaries until the last of July, but Capt. Farley says they will receive their money during the first week in June, if not on June 1.

Kings Mountain.

The last rain was an uninvited guest, but a very pleasant one. Virgil Bastin and family, of this place, have moved to Nicholasville. Ed Rigney and Miss Laura Horton, of Eubanks, were united in marriage last week.

Misses Hattie and Lucile Reynolds are visiting relatives at McKinney. Mr. Ross, operator at this place, is a very attractive young man and we hope he will prove a great benefit to Kings Mountain society. Mrs. Ludia Gooch, of McKinney, is with her parents, Mr. and Mrs. W. D. Johnson. Miss Bertha Gooch entertained informally Friday evening and the affair proved a very pleasant one. Mrs. Robin Rigney and daughter are visiting relatives at Somerset. William Leach was in Richmond recently on business. Roy Dunaway and wife will start soon on a trip to the East, which will include Washington City, Richmond and other points of interest. Born, to the wife of Col. Gooch, a 13-pound girl. Mrs. Everett Chevolette is visiting her brother at Ludlow. Miss Elizabeth Creighton, of Burgin, paid our city a short visit recently.

LOST.—Eight red female fox hounds with white feet and white tip on tail. Reward for return to J. T. Hackley, Jr. 23 2.

The balloon of A. Holland Forbes, of New York; and J. C. Yates, a New York astronomer, became unruly near Center, Metcalf county, causing them to drop to earth in a general smash-up. Yates is only conscious at intervals and may die, while the chances are that Forbes will recover. They were attempting to establish a new long distance record.

WAYNESBURG.

Rev. W. S. Taylor filled his appointment at the church Saturday and Sunday.

There are several cases of measles in this community.

W. M. Smith continues very ill. Mrs. Nancy J. Jones was with us again last week working in the interest of the L. O. T. M. There were six new members initiated into the order at our last review. Mrs. W. D. Johnson, of Kings Mountain, attended church here Saturday and Sunday. Miss Delila Singleton, of Somerset, was with the home-folks last week. Misses Laura Brown and Etta Gooch, of Somerset, visited Misses Azilla and Ethelyn Singleton. Mrs. Hendrick Hays visited her father, J. A. Singleton, at Pleasant Point. Misses Effie and Myrtie Montgomery, of McKinney, visited relatives at this place.

The members of the Waynesburg Lodge 384 I. O. O. F. visited the Stanford lodge Tuesday night. A supper was given in their honor by the members over there, and all who attended from here claimed to have had a good time.

Postmaster T. J. Burselson requests the patrons on all rural routes out from this office to paint their boxes and the posts to which they are attached a pure white and to imprint their names and box numbers on boxes in black letters about two inches high. It also requested that road officials paint upon the posts of boxes which are located at cross-roads—but not attach signs thereto—the names of the towns or villages to which the cross-roads lead, with an indicator showing the direction. This is required by the postoffice department.

Lancaster.

City Marshall Luther Heron, of this place, is in Washington county to see his mother, who is ill.

Prof. Nichols, assistant principal of the Graded School here, was elected principal of the new high school shortly to be established at Harrodsburg.

J. T. Conn, of this county, bought of E. H. Ritchie his farm near Wilmore, Jessamine county, for \$10,000. We are sorry to give Mr. Conn up as he is one of our oldest and most substantial farmers.—Lancaster Record.

At a meeting of the Lancaster school board D. W. Bridges was selected as principal, Miss Bettie Robinson, of Campbellsville, who made a very popular assistant principal several years, was given her old place again. Misses Harriet Fleetwood, Eliza Smith, Amanda Anderson, Sue Bradshaw and Mabel Mason will continue to work as members of the faculty for still another term.

Thomas Hicks, living near Gilberts Creek, and Miss Carrie Sanders, of this county, drove to the home of Elder F. M. Tinder Sunday afternoon and were married.

Elder F. M. Tinder united in marriage Cecil Broadus and Miss Lela Hendren. The bride is the attractive daughter of John Hendren, of Kirksville, and is a very popular young lady. The groom is a well known and successful young business man of Buckeye. Immediately after the ceremony the happy couple left for Cincinnati for a short trip.

Miss Alice Snyder and Bette Ramsay were married at the home of F. M. Tinder, who performed the ceremony. Both are residents of the Scott's Fork section of Garrard.

Miss Corine Bruner and Andrew Jacobs were married at the home of the bride.

If your stomach is continually kicking up a disturbance; you feel bloated and distressed; if you belch gas and sour food into the mouth, then you need Mi-na Stomach Tablets. Guaranteed by G. L. Penny at 56c.

The name of Mr. J. T. Hackley, Sr., was inadvertently placed among those who are seeking to secure a bridge across Hanging Fork near the Boyle line. Mr. Hackley says that he is opposed to the bridge, for he does not believe that the bridge would benefit the county or add to the convenience of Lincoln county people in getting to Stanford, besides would cause an unnecessary expense.

Fish have been biting exceptionally well at the lake the past week or so and some extra nice bass have been caught. Members of the fishing club and their guests have been out nearly every day and all have had good luck. A drummer for Bourne & Bond, of Louisville, made some nice hauls last week. Considerable laughter was caused among the assembled fishermen when he crossed the dam by "cooning" over it, instead of risking his balance walking over the two-foot embankment.

Those who have been out to Dix river say that the bass are biting splendidly there this spring, though there has been considerable dynamiting and sealing.

For Sale.

Small, well improved farm, just outside of town limits, between Stanford and Rowland; has splendid house, with all necessary outbuildings; new barn, fine young orchard, water at door and barn. I have also 104 acres of land 2 miles from Rowland on Dix river and county road, which is all in grass and timber, with exception of 20 acres, which is in cultivation. For information call on or address Frank Cordier, Rowland, Ky.

Stock For Sale!

I have for sale bay mare, Mule, 7-years old and weighs 1,300 pounds. Sound and good worker. Also bay mare, 5-years-old. Works any where and ladies have been driving her. She is sound and is a fair saddle. URAH DUNN Hustonville.

NOTES ON THE GAME.

Morrison Bright has been out of the last two games with the mumps, but Walter Singleton has done well in left and Waters is playing a star game at second.

Hustonville comes Wednesday and on the 24th the boys go to Harrodsburg for a return game.

While warming up before the game, the Harrodsburg catcher let a high throw get by him and the ball hit Mike Penny an awful smash full on the left ear. It laid the clever young catcher out for a while, but he went into the game and played star ball. He is just beginning to regain his hearing in the injured member.

Six of the local players are batting over the coveted 300 mark this season. The averages in the five games this season are: Penny, .428; Coleman, .428; McCarty, .389; M. Bright (three games) .357; Embry, .348; T. Bright, .317; Singleton, .292; Hill, .200; Waters, .143.

PUBLIC SALE

Of Fine Bourbon Stock and Tobacco Farm.

As heirs of the late Mrs. Sallie E. Moore, we will sell on the premises 34 miles from Paris on the Paris and Cynthiana turnpike, on

Thursday, May 26 '10

at the hour of 2 o'clock p. m., and without reserve her farm of 360 acres of land.

The farm is without question one of the best improved tracts of land in the Blue Grass region and is in a high state of cultivation.

It has been in the same family for one hundred years and each generation has taken great care in preserving the fertility of the land.

It has upon it one of the best two-story modern brick residences in the county, containing eleven rooms, halls, 10 closets, 1 store room, a double-front veranda, with elegant bay window between, double back porches and with cellar under main portion of the building.

The house contains a slate roof has been newly painted and is in splendid condition, inside and out. There is a large cistern near the rear door, and one of the best ice houses in the state.

There is also upon the premises a meat house; brick cabin in the yard; stable, tobacco barn for ten acres of tobacco and a good house of five rooms.

The farm is one of the best fenced tracts of land in the county, is very productive and is all in grass except 110 acres. It is well watered, Cooper's Run flowing through one corner of the place, while a number of never failing springs and pools make the farm drouth proof.

The land lays well, being sufficiently rolling to afford natural drainage, and is of a rich productive soil. A field of 50 acres of corn last year has now upon it a fine growing crop of wheat, which is sown to clover, the latter being up nicely. Sixty acres is to be planted in corn and can be seeded to wheat in the fall of 1910. The farm is surrounded on all sides by citizens who own their farms. Colonel E. F. Clay, the owner of Runnymede, and his son, E. F. Clay, Jr., being on the south side, Mr. George Wagner on the west, the land of Miss Elizabeth Grimes and Mrs. R. C. Talbott on the north and bounded by Stover creek on the east.

The residence and surroundings are among the most attractive on the Paris and Cynthiana pike, the former being located 75 yards from the road and approached with a beautiful heart shaped driveway.

The yard comprises several acres of land well set in blugrass and shaded with cedars, maple, walnut, and several stately oak and ash trees.

The line of the Cynthiana and Paris interurban railway, which has been surveyed and will be built within the next twelve months, runs directly in front of the premises and will afford quick transportation in either direction.

The farm will be sold in two tracts, the home place (going in the direction from Paris to Cynthiana) containing 235 acres, and including the improvements and the rental contract for 1910, will compose tract No. 1 and the unimproved land lying immediately across the pike and containing 125 acres, will compose tract No. 2.

Tract No. 2 is one of the richest bodies of land in Central Kentucky. It is deep virgin soil, contains one hundred acres of fine timber and is richly set in blugrass. The timber consists of mammoth red and white oak, blue and black ash, maple and walnut trees and is of such a variety and abundance as to be sufficient to build a number of tobacco barns. This tract of land has upon it an elegant and commodious site for a residence. Every acre of the one hundred and twenty-five will produce several fine crops of tobacco, after which it would produce the best corn and wheat that could be grown.

Prospective buyers are invited to visit the farm and inspect its unequalled opportunities as a stock and agricultural farm.

The farm will first be sold as a whole including the rental contract for the year 1910, and possession given March 1, 1911. It will then be sold in separate tracts, and the highest and best bid will be accepted.

If sold separately, purchasers of tract No. 2 can have immediate possession. The terms of the sale will be liberal and will be made known on day of sale. For further particulars and information call on, or write

N. A. Moore, or Colonel George D. Speakes, Auctioneer Paris, Ky.

Above the Smoke and Ashes.

The fire insurance policy carries the thoughtful man safe from loss. Your ashes will turn into just so many good dollars, and if there was ever money that looked like a godsend it is that which you reap from a policy that reimburses you for your loss by fire, and that is doubly secure by being drawn by
